

# COLOR & CONVENIENCE

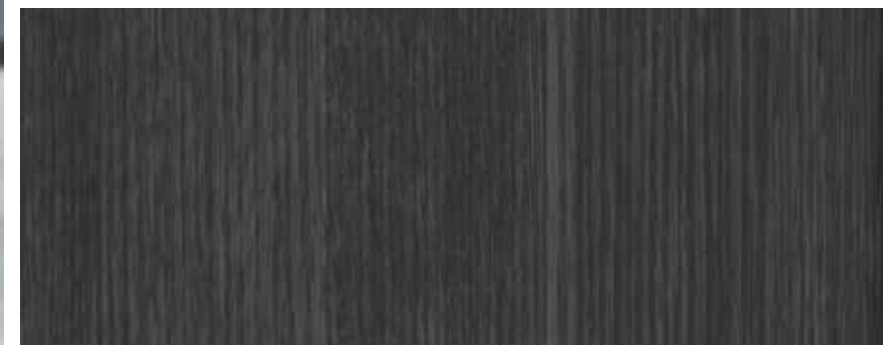

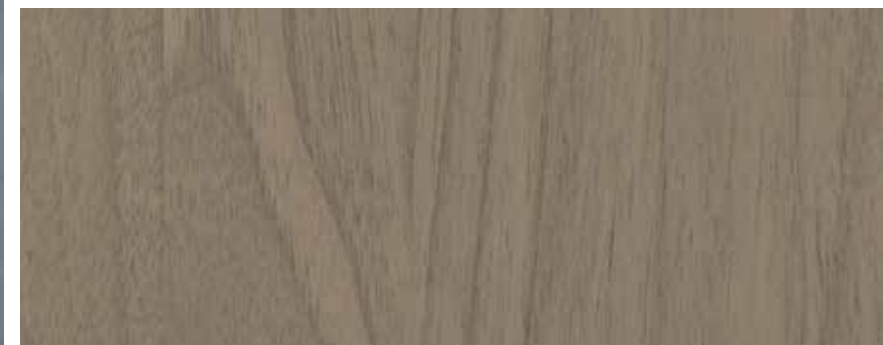

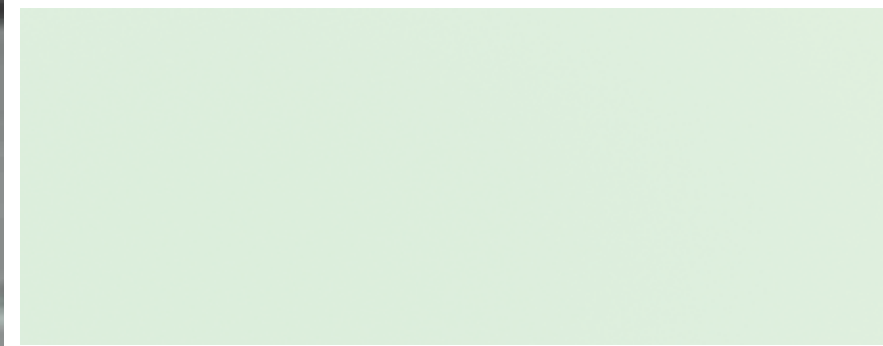

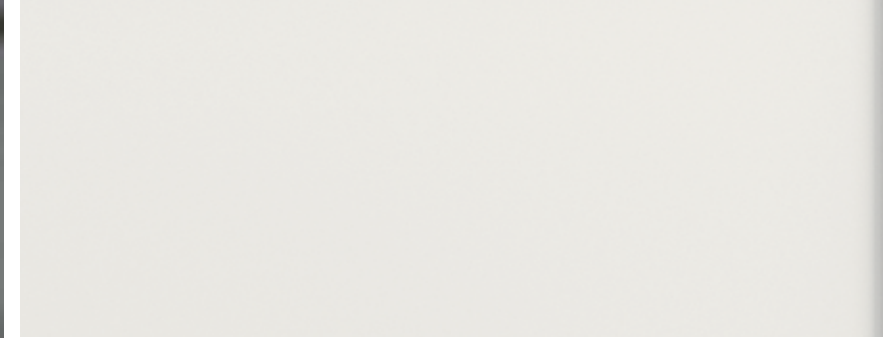

2021 PRODUCT INTRODUCTIONS

*Decora*<sup>®</sup>

## COLOR YOUR WORLD

Our 2021 palette of new cabinet finishes reflects optimism and comfort. Two new paints—Brightest White and Fleeting Green—play with lightness. Grays Harbor and Craggy Peak are substantial hues that envelope you and your family. Swift and Iron Slate create a holistic environment from which to grow. Take time to savor the hues and discover the colors that speak to you.

## BRIGHTEST WHITE

This brightest of bright whites is being requested nationwide. Decora's Brightest White is a no-fuss neutral that is neither warm nor cool. Use Brightest White to create a truly neutral blank canvas where all other finishes can put forth their true tone. Available on Maple, Oak, Quartersawn Oak and MDF with all highlighting color selections available on Maple and MDF.

PAINTED FINISH

Door: Plaza Maple Brightest White with Gunmetal Highlight

# FLEETING GREEN

Fleeting Green is an energizing pastel. Although pale in coloration, Fleeting Green's slight green-blue tint rings true with a bold presence. Light and airy enough to be used like a white, this cool, misty green is the subtle splash of color that can refresh any space. Available on Maple, Oak, Quartersawn Oak and MDF with all highlighting color selections available on Maple and MDF.

Door: Prescott Beaded Inset Maple Fleeting Green with Black Highlight

# GRAYS HARBOR

The newest addition to our palette of grays, Grays Harbor stands apart from monochrome grays, as it is enhanced with a soothing aesthetic derived from dark, cool blues. It can evoke stormy, moody or contemplative, and is talented enough to pull off all three simultaneously. Available on Maple, Oak, Quartersawn Oak and MDF with all highlighting color selections available on Maple and MDF.

STAINED FINISH

# Craggy Peak

Craggy Peak delivers the perfect balance of gray and brown tones.

The Craggy Peak finish brings welcome warmth and depth to a space. Espresso and Coffee highlights add texture and depth to Craggy Peak, and create spaces that will be unique in the neighborhood. Available on Alder, Cherry, Maple, Oak, Quartersawn Oak, Rustic Alder and Walnut. Espresso and Coffee highlights available on all species except Oak and Quartersawn Oak.

# SPOTLIGHTING HIGHLIGHT OPTIONS

Consider the option of a hand applied highlight glaze when you choose new Brightest White, Fleeting Green, Grays Harbor and Craggy Peak. A highlight glaze emphasizes the profiles and craftsmanship evident in the cabinetry. Consult with your Decora designer for availability and exclusions.

# HARMONIOUS ARTISTRY

The materials and methods we use to create our palette of six semi-translucent finishes is a secret. Our collaborator, however, is not.

When we set out to create this signature cabinet finish, we turned to a colleague who always inspires us and never fails us: Mother Nature. Her swirls, waves, knots, undulating lines and perfectly non-perfect traits in a tree's wood grain bring holistic texture and dimension to your home.

The genius of semi-translucent finishes is in the "how" and "when" to layer the finish material to make the most of this wood grain. It's a creative detour, and we're confident it delivers an artistic statement.

**NEW FOR 2021 – Swift and Iron Slate have joined our semi-translucent collection. Read on to learn more.**

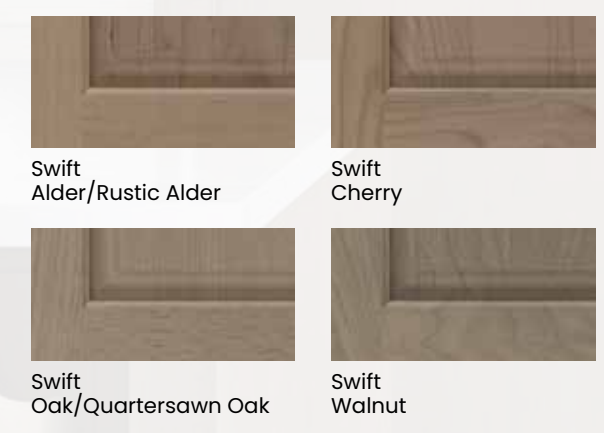

SEMI-TRANSLUCENT FINISH

# SWIFT

Soft mid tone browns are trending because they are comforting, a feeling that Americans are craving. The inviting, warm tones of Swift will be a welcome addition to a home. Its medium-brown hue features golden undertones, for an on-trend look. A semi-translucent stain, Swift allows the natural beauty of wood to shine while complementing other stains and paints nicely. Available on Alder, Cherry, Oak, Quartersawn Oak, Rustic Alder and Walnut.

Kitchen: Plaza Cherry Cabana & Prescott Cherry Swift  
Door: Plaza Walnut Swift

SEMI-TRANSLUCENT FINISH

# IRON SLATE

Iron Slate fills the need for homeowners who want elegance and drama, and who feel a pull toward bold. Iron Slate blends tones of grays and blacks to create this statement finish.

Although dark in nature, its semi-translucent qualities showcase the natural woodgrain and add dimension to any space. Available on Alder, Cherry, Oak, Quartersawn Oak, Rustic Alder and Walnut.

## DELLA UPDATE

Available in full overlay and inset, the Della door style is a great choice for a contemporary look.

Thinking about a Della door in an opaque finish? Keep this in mind:

- New! Della full overlay and inset doors are now available only in MDF for opaque finishes. MDF offers a much smoother finish for opaque colors, and they are more affordable than Maple options. Our new Fleeting Green, Brightest White and Grays Harbor opaques will showcase well on Della MDF.
- New! When you choose the Della Beaded Inset door on MDF in an opaque finish, you can also add a highlight! Highlight options are now available on MDF: Black, Coffee, Espresso, Gunmetal, Pewter, Platinum and Twilight. Some exclusions apply.

## CONVENIENCE

We know that doors and colors are always a favorite addition, and there's something to be said for introductions that make your everyday work life easier too. Whether it's an easy way to specify roll trays, or adding shelves to an inset design, we've got you.

### NEW MODIFICATIONS TO EASILY ADD ROLL TRAYS TO UTILITY CABINETS UC3D AND UC4D

Give your customers the option of including roll trays when specifying the Utility Cabinet with Three Drawers (UC3D) or Utility Cabinet with Four Drawers (UC4D) with the new modifications FDSRT and FDSRT2. FDSRT will add one roll tray in the upper section of the cabinet, while FDSRT2 will add two roll trays. Both of these modifications still keep the adjustable full depth shelves in the cabinet.

### FLOATING SHELVES ARE NOW AVAILABLE UP TO 13" DEEP.

We've changed the maximum increased depth of Floating Shelves from 12" to 13". Now they can align with 13" deep inset cabinets, giving you greater flexibility in designs.

### NEW DECORATIVE APPLIANCE MODEL FOR USE WITH ICE DISPENSER CUT-OUTS

To increase efficiencies in order entry, we've added a new Decorative Appliance model to be used when specifying appliance panels and doors that would need an ice dispenser cut-out. (DAOVERLAYCO)

### WHAS HOOD PRICE REDUCTION

A price reduction on WHAS models make these on-trend hoods an even better option.

## MOULDING NOTE

Please note that we've renamed two pieces of moulding. INSCROWN is renamed to INSERTFRM. INSERTFRM is renamed to INSCROWN.

Styles, product availability and construction may vary slightly from those shown in this book due to material availability and/or design evolution. Specifications are subject to change without notice. Customer service is available if your design requires verification of product availability and specifications.

Please note that paints featuring the same color name as your cabinetry are not guaranteed to be an exact color match. When seeking to match the color of your Decorá Cabinetry, take a cabinet door to your nearest Sherwin-Williams paint store to be color matched to reduce the likelihood of color variation. Exact color matching is not guaranteed, and MasterBrand Cabinets is not responsible for color discrepancies.

Product photography and illustrations have been reproduced as accurately as printing technologies permit. To ensure highest satisfaction, we strongly recommend you view an actual sample for best color, wood grain and finish representation.
